*Short Term Goal:*

### Plan B

*Long Term Goal:*

*Short Term Goal:*

---

## SMART Goal Summary

*Note: only goals within last 12 months and up 12 months in the future are shown.*

### June, 2021

- Come up with a research idea and assist with current experiments in Gosnell and Zarnoch Lab [daily]
- Update CV and Resume, removing non-relevant items and improving formatting
- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in
- When we have a paper to read, or a project element that requires stats or R, spend a little extra time researching it, or refreshing myself on how it works. If I need to learn a difficult new skill, use Codecademy or similar [weekly]

### July, 2021

- Come up with a research idea and assist with current experiments in Gosnell and Zarnoch Lab [daily]
- Update CV and Resume, removing non-relevant items and improving formatting
- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in
- When we have a paper to read, or a project element that requires stats or R, spend a little extra time researching it, or refreshing myself on how it works. If I need to learn a difficult new skill, use Codecademy or similar [weekly]

## August, 2021

- Update CV and Resume, removing non-relevant items and improving formatting
- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in
- When we have a paper to read, or a project element that requires stats or R, spend a little extra time researching it, or refreshing myself on how it works. If I need to learn a difficult new skill, use Codecademy or similar [\[weekly\]](#)
- Through this summer at BUEE, gauge my interest in urban ecology and especially the areas I focus on this summer
- For my final presentation at BUEE, or other intermediary ones, make sure to rehearse my speech several times and work on delivery, gesticulation, and eye contact
- Talk to BUEE mentors about different ecological restoration career options, and the pros and cons of Masters vs. Ph.D.
- When working on experiments this summer, making sure to keep clean and consistent records with date, time, and clear handwriting
- When planning out my summer project, lay out clear dates and guidelines for when portions should be completed
- Prepare presentation/poster for BUEE
- Read three books related to landscape architecture/ecological restoration

## September, 2021

- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in

## October, 2021

- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in

## November, 2021

- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in

## December, 2021

- Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in
- Find a group like a non-profit whose work I find interesting and valuable to get involved with (likely in MD)

## April, 2022

- Do a Mock Interview

## May, 2022

- Take a course this year with a heavy writing component, and get my work reviewed in the writing center before submitting
- If my research at BUEE turns out to have interesting results, apply to attend a conference

## Self Assessment Summary

### Strong Skills

- Demonstrating workplace etiquette
- Complying with rules and regulations
- Upholding commitments and meeting deadlines
- Maintaining positive relationships with colleagues

### Weak Skills

- Navigating the peer review process
- Managing data and resources
- How to negotiate

### Top Interests

- Designing experiments
- Performing experiments
- Analyzing experimental results
- Planning new scientific projects or developing new research directions
- Writing scientific manuscripts
- Giving presentations about science
- Reading papers in your field
- Learning about other fields
- Thinking about science
- Keeping up with current events in science
- Discussing science with others
- Attending conferences or scientific meetings
- Teaching in a classroom setting
- Developing curricula
- Writing about science to non-scientists
- Speaking about science to non-scientists
- Working in a team
- Work-related travel

### Activities To Avoid

### Top Values

- Help Society: contribute to betterment of world
- Help Others: be involved with directly helping individuals or small groups

- Congenial Atmosphere: work with friendly colleagues
  - Influence People: be in a position to change attitudes or opinions of other people
  - Intellectual Challenge: perform work that is intellectually stimulating
  - Creativity: originate and develop new ideas
  - Aesthetics: appreciate the beauty of things and ideas that I work with
  - Variety: have job duties that change frequently
  - Job Security: be assured of keeping my job and salary
  - Benefits Available: have health, retirement, tuition reimbursements, etc.
  - Earning Potential: have a salary which allows me to purchase essentials as well as some luxuries of life
  - Location: live in a place which is conducive to my lifestyle
  - Professional Development: have a job with opportunities for growth or promotions
  - Work/Life Balance: balance time spent at work and time spent doing other activities
  - Exercise Competence: take advantage of my strongest talents and skills on a regular basis
  - Learn New Things: be challenged to learn new skills or knowledge on a regular basis
-

## Career Advancement Goals

Seek mentorship

*Name:* Reach out to 3 Brown Alumni or other professionals who may have insights on careers I am interested in

*Frequency:*

*Start date:* 6/14/2021

*End date:* 1/1/2022

*Accountability:*

*Completed:* No

Enhance self-awareness of my career interests, skills, and values

*Name:* Read three books related to landscape architecture/ecological restoration

*Frequency:*

*Start date:*

*End date:* 8/31/2021

*Accountability:*

*Completed:* No

Get experience (internship, part-time position, volunteering, job simulation, etc.)

*Name:* Through this summer at BUEE, gauge my interest in urban ecology and especially the areas I focus on this summer

*Frequency:*

*Start date:*

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

## Attend workshops, site visits, conferences, or events related to my career interests

*Name:* If my research at BUEE turns out to have interesting results, apply to attend a conference  
*Frequency:*  
*Start date:*  
*End date:* 5/31/2022  
*Accountability:*  
*Completed:* No

## Get involved in a local/regional committee or group

*Name:* Find a group like a non-profit whose work I find interesting and valuable to get involved with (likely in MD)  
*Frequency:*  
*Start date:*  
*End date:* 1/1/2022  
*Accountability:*  
*Completed:* No

## Develop a job search strategy and timeline

*No goals.*

## Prepare CV/resume, cover letter, teaching/research statement, etc.

*Name:* Update CV and Resume, removing non-relevant items and improving formatting  
*Frequency:*  
*Start date:* 6/14/2021  
*End date:* 8/24/2021  
*Accountability:*  
*Completed:* No

## Prepare for interviews

*Name:* Do a Mock Interview  
*Frequency:*  
*Start date:*  
*End date:* 5/1/2022  
*Accountability:*  
*Completed:* No

## Skills Development Goals

### Statistical analysis

When we have a paper to read, or a project element that requires stats or

*Name:* R, spend a little extra time researching it, or refreshing myself on how it works. If I need to learn a difficult new skill, use Codecademy or similar

*Frequency:* weekly

*Start date:* 6/14/2021

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

### Basic writing and editing

*Name:* Take a course this year with a heavy writing component, and get my work reviewed in the writing center before submitting

*Frequency:*

*Start date:*

*End date:* 5/18/2022

*Accountability:*

*Completed:* No

### Speaking clearly and effectively

For my final presentation at BUÉE, or other intermediary ones, make sure

*Name:* to rehearse my speech several times and work on delivery, gesticulation, and eye contact

*Frequency:*

*Start date:*

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

### Seeking advice from advisors and mentors

*Name:* Talk to BUÉE mentors about different ecological restoration career options, and the pros and cons of Masters vs. Ph.D.

*Frequency:*

*Start date:*

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

## Planning and organizing projects

*Name:* When planning out my summer project, lay out clear dates and guidelines for when portions should be completed

*Frequency:*

*Start date:*

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

## Careful recordkeeping practices

*Name:* When working on experiments this summer, making sure to keep clean and consistent records with date, time, and clear handwriting

*Frequency:*

*Start date:*

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

---

## Project Completion Goals

### Complete current experiments

*Name:* Come up with a research idea and assist with current experiments in Gosnell and Zarnoch Lab

*Frequency:* daily

*Start date:* 6/14/2021

*End date:* 8/13/2021

*Accountability:*

*Completed:* No

### Prepare presentation (talk, poster, etc.)

*Name:* Prepare presentation/poster for BUÉE

*Frequency:*

*Start date:*

*End date:* 8/14/2021

*Accountability:*

*Completed:* No

## Mentoring Summary

Mentor	Role
Professor Gosnell	BUEE
Professor Zarnoch	BUEE
